

ABOUT ALLIANCE FOR WATER EFFICIENCY (AWE)

The Alliance for Water Efficiency's mission is to promote an efficient and sustainable water future across North America

- AWE supports water efficiency practitioners from 500+ organizations
 - Member organizations include water utility agencies, local and state governments, business and industry, nonprofits, and more
- AWE develops cutting-edge research and resources, offers hands-on learning opportunities and technical assistance, and advocates for funding and policies that advance water efficiency
