LUKEN**
DE ESTRATEGIAS EN AGUA
Y MEDIO AMBIENTE

PARALLEL UNIVERSES

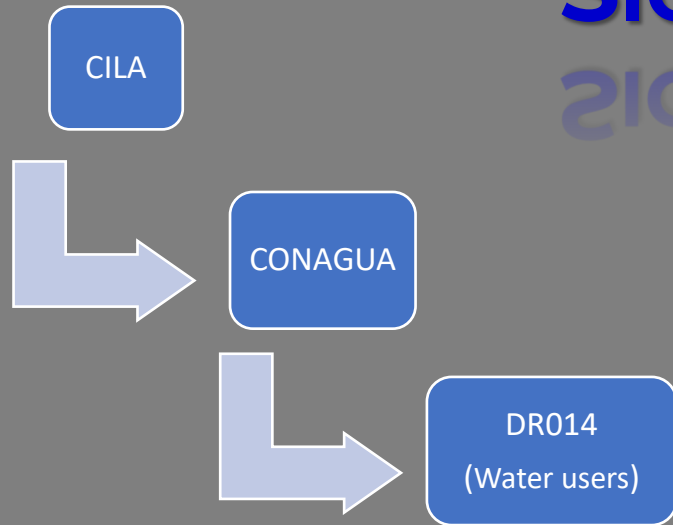

PARALLEL UNIVERSES

- What's the legacy?

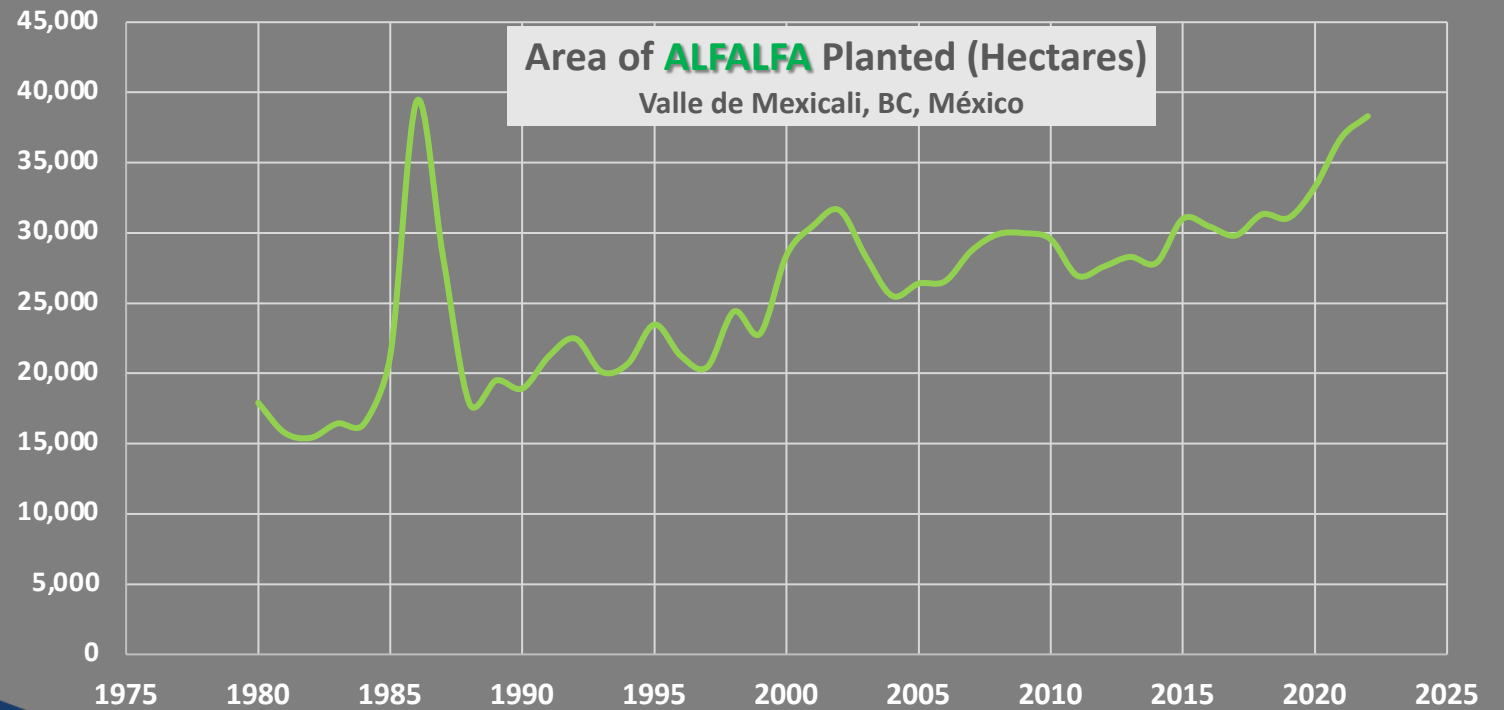

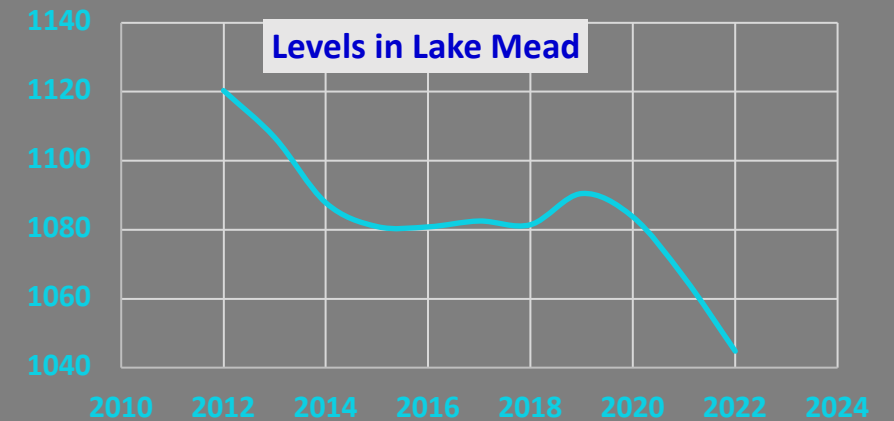

- How does it impact water management?

		
Government	• Federal, decentralized • Private water rights, state allocation	• Centralist • Water: Property of the Nation
Agriculture	• Industry, efficiency • Immersed in water markets	• Agrarian Reform • Means for political control
Environment	• Grassroots, societal, • In defense of natural resources	• Governmental initiative • Adherence to global norms • Led by large industry

SIGNAL LAG

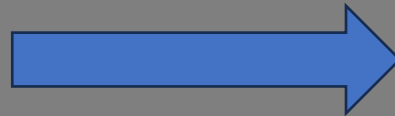

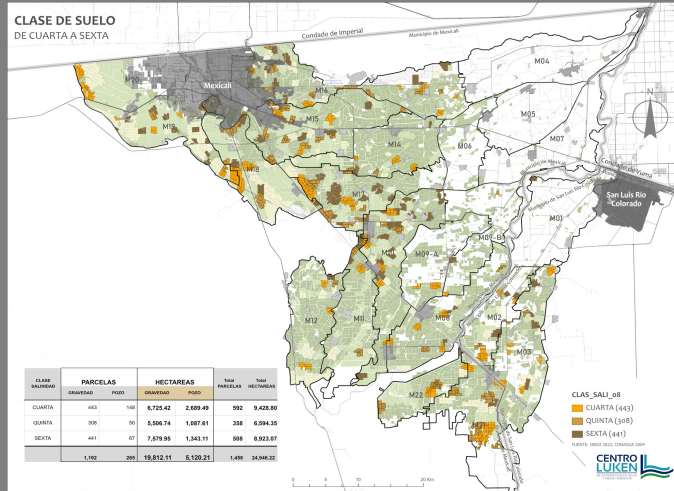

- The need to curtail water usage not apparent during Minute 319 (2012 – 2017)

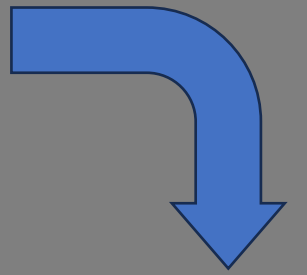

CIVIL SOCIETY

1 Analytics, GIS

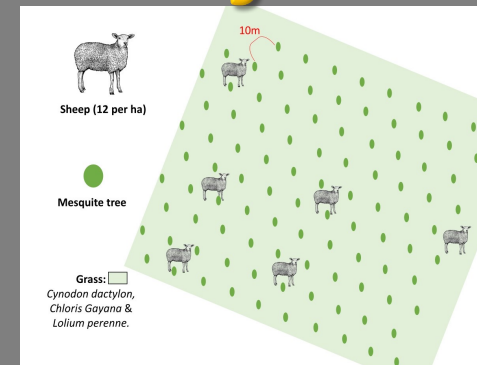

2 Dialogue, Workshops

3 Pilot Projects
